

ALEXANDRE MARTIN

Développeur Full Stack

alexandre.martin@email.com | +216 12 345 678 | Tunisien

ATS Score: 92/100

PROFESSIONAL SUMMARY

Dedicated Full Stack Developer with 4 years of experience building and maintaining modern web applications. Proven expertise in JavaScript, Angular, and Node.js, coupled with hands-on experience in MongoDB. Adept at developing responsive user interfaces and optimizing application performance to meet business objectives. Seeking to leverage full stack development skills to contribute to TekUp's innovative projects in Tunis Center.

WORK EXPERIENCE

Full Stack Developer at Tech Solutions SARL | March 2020 – January 2024

- Developed and maintained modern web applications utilizing Angular and Node.js, resulting in a 20% increase in user engagement.
- Implemented new features and optimized application performance, reducing load times by an average of 15% across key modules.
- Collaborated with cross-functional teams to define, design, and ship new features.
- Utilized MongoDB for efficient data management and querying.

Frontend Developer at Web Agency Tunis | June 2018 – February 2020

- Created responsive user interfaces using Angular and React, ensuring pixel-perfect implementation of designs.
- Collaborated closely with UI/UX designers to translate wireframes and mockups into functional and visually appealing web components.
- Contributed to the development of 5+ client-facing web applications, delivering high-quality frontend solutions.
